

Robert Fowler
Aero Healthcare
63 Seaton Street
Armidale NSW 2350

18 November 2014

Dear Robert,

Surf Life Saving Australia is pleased to advise Aero Healthcare that the Samaritan 350P has been approved for use by all affiliated surf lifesaving clubs and services. This is to replace the old 300P which was originally approved by SLSA.

Accordingly, the Samaritan 350P will be listed on the SLSA Approved Gear and Equipment List on the SLSA web site; www.slsa.com.au, along with the contact details of Aero Healthcare.

As per SLSA Policy 1.6, we ask that you notify us of any modifications or changes to the Samaritan 350P as approved, before modified or updated models can be sold to SLSA clubs and services.

Please be aware that this equipment approval is for surf lifesaving purposes only and does not authorise the use of any SLSA intellectual property (including but not limited to the SLSA logo and imagery) for any promotional purposes (including but not limited to advertising, website and brochures) without prior permission. Aero Healthcare is welcome to refer to Samaritan 350P as approved for use by Surf Life Saving Australia and include a link to the SLSA website and the Approved Gear and Equipment List.

The general marketing and promotion of equipment to surf clubs and members is the responsibility of the supplier.

Regards,

Mikyla Cleal
Portfolio Administration Coordinator
